

**File No.3079/13**

The complaint with respect to the incident of theft of motorcycle should have been made to the police rather than this Commission. The Commission cannot assume the role of police and make investigation and as such would decline to entertain the complaint.

The applicant if so advised may approach the concerned police station with respect to his complaint.

Complaint thus stands disposed of.

Applicant may be informed of the order.

Date: 03.09.2013
